Tempranillo 2017

100% Tempranillo

We found a tiny parcel of dryland, bush vine Tempranillo in the Swartland, outside of Malmesbury. The grapes were destemmed and crushed before being fermented using wild yeast. Extended skin contact was allowed after fermentation. Only one 225 liter barrel was produced and the wine was aged in old French oak for eighteen months before bottling.

Exudes concentrated black fruit aromas with delicious charcuterie and cigar box notes. A complex wine with soft silky tannins and elegant acidity.

330 bottles produced

Alcohol: 12.5%
Residual Sugar: 1.8 g/L
TA: 6g/L
pH: 3.75
