WINES

Velo Blanc 2017

36% Colombar, 34% Chenin Blanc, 30% Viognier

Grapes sourced from selected vineyards in the Swartland. A fruit driven white blend consisting of Colombar and Chenin Blanc, naturally fermented in stainless steel tanks, and Viognier wild fermented in old French oak barrels. Each of these cultivars lends only their best characteristics to the blend.

Abundant aromas of pears, litchis and nectarines carry through to the palate. A fresh acidity and well rounded mouth feel adds a touch of elegance to the tropical fruit flavours.
